In the city court room yesterday the status of affairs with the comafternoon a large number of citizens gathered and organized into a mass meeting for the purpose of sentiments regarding the trouble in company D,

There was great indignation in the city when it was learned that Gov. Bradley had appointed his Gov. Bradley had appointed his understrapper Noel Gaines to com-mand the company over the pro-tests of the men, who had chosen Capt. Gordon Nelson to the position after Capt. Feland had been order-

after Capt. Feland had been ordered home or had resigned as the
case may be.
The friends of the boys who have
offered their services to their country felt that some expression from
home in the form of resolutions of
sympathy and commendation were
due. That they should have resented the unwarranted interference of the Executive was but natural and the manly stand

The meeting was exceedingly conservative and nothing was said during the proceedings regarding Capt. Feland and the numerous reports that have been discussed upon the streets, reflecting upon bis conduct while at Camp Collier. Resolved, By this convention, that our sympathies are tendered to these gallant boys who are in carnest in their determination to fight for their country. Bradley be requested to withdraw his appointment of capt. Noel Gaines as Captain of Gumpany D and allow the members of said Company to select their own Captain and commissioned officers without executive interference. Be talso

Dr. Sargent said that he was heartily in sympathy with the objects of the meeting and would cooperate with any movement that would assist in carrying out the wishes of our gallant boys at Frankfort.

Frank Bell was chosen Secretary of the meeting.

Mr. J. H. Eggleton moved the appointment of a special committee to draft resolutions expressing the sentiments of the meeting. The motion carried, and the Chair appointed the following gentlement.

GOV. BRADLEY REPLIES.

Says He Hasn't Commissioned Any Officer for "Company D."

In response to the resolutions th

following telegram was received from Gov. Bradley last night:

Frankfort, Ky., May 20.

Dr. Andrew Sargent,
Chairman:Information is that a large majority of the Company do not desire to go to war. There are now only thirty in camp, Haven't commissioned any one to command that Company, as there is no one there to command. Cen. Coiller authorized Gaines to recruit to fill up the Company and agreed that those remaining should be recommissioned officially. Cen. Coiller says that Capt. Feland requested that he should order him to proceed with such members of Co. D, as did not desire to enlist, to Hopkinsville and reorganize a company for State Cuard Service, and this being true, you should address your complaint to Capt. Feland and those who desire to go home rather than to me.

Regarding the status of affairs n the Hopkinsville Company the in the Hopkinsville Company the most conflicting reports have been sent from Camp Collier. No two papers have agreed in their reports of the unfortunate affair. Some of these reports do the members of the Company a great injustice. When they learned this to-day she members of the company almos to a man declared that they would not follow Gaines. The reasons stated are that he was once tried by Court-Martial for using the money paid to the Frankfort company for services at the Jackson and Walling hanging; that he was indicted in the Godfrey Hunter bribery affair at Frankfort during the hot senatorial contest and that he lost his Captaincy the Frankfort Company. Cervera's Smartness Approved.

Madrid, via London, May 20.—(Special)—Another "great Spanish victory" is being celebrated. It is the arrival of Admiral Cervera's fleet at Santiago de Cuba. Enormous enthusiasm is being manifested over Cervera's success in evading Sampson.

The Queen Regent has publicly congratulated the Minister of Ma-rine on "this glorious victory over the combined Yankee fleets." The Queen also cabled Admiral Cervera her compliments. He will be given another decoration, and his men rewarded for "their fine strategy.

The President Has Been Gingered.

Washington, May 20 .- (Special)-The President now wants quick action. He listens with impatience to all appeals for "a little more de lay," and declared to-day that the army must begin movement on Cuba immediately. He believes this the only means of provoking a fight with the Spanish, which will end the war any time soon.

The President is said to-day to be an advocate of prompt action all along the line. From a public man who called on the Executive this morning it was learned that the President refused to give out any facts

about either Schley or Sampson, if he had anything new.
Washington, May 20.—(Special)—By direction of the President the following assignments of Brigadier Generals of Volunteers to duty with the several army corps, departments, divisions, etc., were made to-day:
